

Voice's Reach
by Nishaun Smith

When I pray Lord, do you hear?
I can't see you, are you there?
Being 'lone is what I fear,
being 'lone is what I fear.

In my heart can you abide,
in my heart and at my side?
In you I need to confide,
in you I need to confide.

Can I tell you what I dread?
I hope my heart you have read.
See that I need to be led,
see that I need to be led.

Show me Lord that you're with me.
Want to sense your majesty.
"I'm with you!" please Lord, decree,
"I'm with you!" please Lord, decree.

Help me understand your speech.
Me to listen, please Lord teach.
Please stay in my voice's reach,
please stay in my voice's reach.
